

In-School COVID-19 Exposure

7th-12th Grade

For Vaccinated students who came into close contact with a COVID-19 positive individual:

Quarantine is not required following an in-school COVID-19 exposure. Fully vaccinated students without symptoms may remain in school and participate in all school activities.

For Unvaccinated students who were wearing masks during an in-school exposure:

Criteria to End In-School Quarantine:

Criteria 1: Student have no symptoms.

Criteria 2: Student must continue to appropriately mask, as required.

Criteria 3: Student must be tested at least twice during the in-school quarantine and have negative tests. If a student is unable/refuses to test, they must quarantine at-home for 10 days and have no symptoms.

Criteria 4: Students may not participate in extracurricular activities at school and in the community until in-school quarantine ends.
